Special Stitch: Puff Cluster

Insert hook in next st and pull up a loop, *YO, insert hook in same st and pull up a loop*, repeat once. There should be 6 loops on the hook. YO and carefully pull the yarn through all of the loops on the hook. Ch 1. First puff complete.

Note: Do NOT YO when starting the first puff of the cluster. DO YO when starting the second puff of the cluster.

Ch 1. This is between the two puff clusters. YO, insert hook in next st and pull up a loop, *YO, insert hook in same st and pull up a loop*, repeat once. There should be 7 loops on the hook. YO and carefully pull the yarn through all of the loops on the hook. Ch 1.

Tips for this special stitch:

- Pull your loops up a little higher than if working a regular hdc st. This will make it easier to work through the loops on the hook plus creates a puffier heart.
- I lost the loops a few times and had to redo the puff so don't worry if that happens.
- The "ch 1" at the end finishes off the puff st.
