Sweater

- This starts at the neck edge and is worked in rounds to the bottom edge. Substitute colors as desired.
- The top "cowl" will be folded forward/down to create a double thickness like a turtleneck.
- Other yarn weights could be substituted. I am currently making another sweater using 3 strands ww (held together). Just check your gauge and increase the hook size if needed.

1. With a K hook and white super bulky weight yarn, ch 28, sl st in the last ch from hook to form a circle. Make sure the chain is not twisted. (28sts)

Finish off and weave in ends.

**Chin Strap**
Fold the hat in half to find the placement for the ties. With an I hook and ww yarn (white to match the goose), attach the yarn to an inside loop (so it doesn't show on the outside of the hat). Ch 30. Finish off and tie a knot in the end of the chain. Repeat for the opposite side. When ready, place the hat on the head and use the ties to tie a bow under the chin.
