Face Features - both sizes

Child Eyes (make 2)
1. With an H hook and yellow yarn, start with a magic circle of 8 sc sts (or preferred method of starting a circle of 8 sc sts), pull to close and place a marker for working in the round. (8sts)
2. 2hdc in each of the next 6 sts, (hdc, dc) in the next st, ch 1, sc in the side of the previous dc post, hdc in the side of the same dc post, sc in the next st on the circle, sc, sl st. Finish off, leaving a long tail for sewing in place,

As you sew the eyes to the mask you will enhance the shape if needed.

Eyelash: With an H hook and black yarn, ch 9, finish off, leaving a long yarn tail at the end for sewing in place.
Skip to "Eye Assembly".

Adult Eyes (make 2)
1. With an H hook and yellow yarn, start with a magic circle of 8 sc sts (or preferred method of starting a circle of 8 sc sts), pull to close and place a marker for working in the round. (8sts)
2. (sc, hdc) in the next st, 2hdc in each of the next 5 sts, (hdc, dc) in the next st, ch 1, sc in the side of the previous dc post, hdc in the side of the same dc post, 2hdc in the next st on the circle, sc 5, 2hdc in the next st, (hdc, sc) in the next st, sc, sl st. Finish off, leaving a long tail for sewing in place,

As you sew the eyes to the mask you will enhance the shape if needed.

Eyelash: With an H hook and black yarn, ch 11, finish off, leaving a long yarn tail at the end for sewing in place.

Eye Assembly
Place the eyes on the mask to find placement. I like to use the lines created from sc sts to help place my features.
With a yarn needle, use the yarn tail from each eye to sew the eye in place.
Use the yarn tail from the eyelash to sew it next to the top edge of the eye, extending to the outer edge.
With a sewing needle and black thread, sew a button on top of each eye.
With a yarn needle and black yarn, stitch the eyebrow in the center.

Smile (optional): I am on the fence about the smile. I like it and also think it would be cute without it. You choose.
Use a yarn needle and black yarn to stitch the smile in place.

Finishing The Mask
Elastic: Cut a piece of elastic (12" for child, 14" for adult). Use a sewing needle and matching thread to sew 1" of each end to the back of the mask, even with the middle. Make sure you sew the elastic so it creates a smooth loop and is not twisted.

Ties: Instead of elastic you could create a chain at each side and tie it in the back. Remember, this might be uncomfortable having a knot to lay on.
With an H hook and matching yarn, sl st into a st at the middle of one side. Chain 16" or desired length. Repeat for the opposite side.

The Back

Option 1. Make a second mask, without the face. Stack the two masks, wrong sides together. With an H hook and matching yarn, sl st the outer edges of the masks together.

Option 2 (my preference). Lay the mask on a piece of matching fleece fabric. Pin pieces together and trim the fleece to match the mask. With a sharp yarn needle and matching yarn, sew the two pieces together.
